He calls for a meeting with umpires and opposing managers at home plate where they will state what the ground rules are for that day. At that point, the field is turned over to the umpire and the game may begin. Any disputes will be resolved by the Chief Director. Any player arriving after the exchange of line up cards must be added to the bottom of the roster and the opposing manager must be notified. All players present must be shown on the lineup card.
- B. Prior to starting a game each manager will submit to the opposing manager a sequential batting order that includes all members of the team available to play in the game. During the game all players will bat in a continuous rotation that follows the established batting order. Substitutions in the batting order will not be allowed.
- C. A player once removed from a fielding position is eligible to re-enter the game at any position at his manager's discretion while maintaining the original position in the batting order. There is no limit to the number of times that a player may re-enter a game.
- D. Each player present on each team at starting time must play a minimum of three (3) complete innings in the field (defensive position) prior to the 6th inning unless he / she is ill, injured, or being disciplined. This rule applies to Regular Season, Playoffs, All-Star and Championship games.
- E. Any manager who prohibits a player from playing in a game due to "Disciplinary Action" must submit the disciplinary action and penalty in writing, and have the penalty approved by the LAA Executive Board 24 hours prior to the game. The game suspension must be reported to the opposing manager before the start of the game. Example: Discipline might be the result of unexcused and continual absence from practices and/or games.

- F. No player may be dropped from any team for any reason without first getting the approval of the LAA Executive Board.

- H. A player removed from a game for reason of injury or illness will NOT be an automatic out each time his/her position in the batting order comes to the plate, until that team falls below 9 players. But the batting order is moved up one position. The final decision on illness or injury will rest with the umpire and two managers.

- I. If a batter is injured and unable to complete the at-bat, the at-bat is skipped without penalty. If a batter is injured during his/her at bat, the next batter will assume the injured batter's balls/strikes count.
- J. All managers will have their full roster on all score sheets and lineup cards with reasons for absences noted on score sheets and lineup cards for any player missing.

The manager must notify the opposing manager and head umpire prior to putting the pinch runner in the game. All players will move up one position in the batting order. If there is any reason the above rules cannot be followed, it is up to the head umpire to determine the substitute.

Rule 4.00 – Starting & Ending the Game

4.01 Starting the Game

- A. Any action that is deemed to be abusive, dangerous, or not consistent with the league's intended sportsmanship principles will be met with strict discipline. The game umpires, at their discretion, may take any action they feel is consistent with the offense. The umpire may warn the team, (second and subsequent incidents will result in an automatic ejection of the offending party) or may eject any coach, manager, spectator, or player without a previous warning. Examples of Unsportsmanlike Conduct include but are not limited to: throwing bats or helmets; taunting of the opposing team; abuse of any umpire, player or coach; and abusive language. Each manager/coach is responsible for asking the umpire for additional requirements at the start of each game, such as to where players may reside during the game and what type of verbal activity is allowed at the plate.

4.04 Regulation Game

- A. A full regulation game consists of three (3) innings for the 3U/5U/6U age division, six (6) innings for age divisions 7U – 12U, and seven (7) innings for HS age divisions or if time limit is reached, whichever comes first. All 7U/8U games shall not start a new inning after one (1) hour 30 minutes. All 10U-HS games shall not start a new inning after one (1) hour 45 Minutes.
 - a. These game time limits will remain in effect for all regular season, playoffs, All-Star and Championship games.
 - b. Championship and All-Star games will also have the above time limit restrictions as well as inning run limits will be in effect. At time limit, should an All-Star or Championship game be tied, in these two games only since these games need to end with a winning team, the current inning will be finished, and then subsequent innings will follow the international tie breaker rule. (Reference Rule 4.04 I)
- B. If the game is called by the umpire for any reason, it is a complete game if:
 - a. 3U/5U/6U: Two (2) innings have been completed.

- b. 7U-HS: Four (4) innings have been completed, or the home team has scored more runs after three and one half (3 1/2) innings.
 - c. (Clarification): If the game is called while an inning is in progress and before the inning is completed, and the visiting team has scored one or more runs to take the lead and the home team has not retaken the lead, in this case the score upon the completion of the last full inning shall stand (since the home team did not have a chance to record all 3 put outs in the current inning).
- C. Max Runs per Inning / Game Mercy Rule
- a. 3U/5U/6U: Not Applicable.
 - b. 7U/8U/10U: A five (5) run per inning mercy rule will be in effect and the inning will immediately end when the run limit is reached. After the 5th inning, if one team is mathematically incapable of scoring enough runs to tie or win the game, the game will end (see item B above).
 - c. 12U/HS: A six (6) run per inning mercy rule will be in effect and the inning will immediately end when the run limit is reached. After the 5th inning, if one team is mathematically incapable of scoring enough runs to tie or win the game, the game will end (see item B above).

- E. All teams must have at least eight (8) eligible players present in order to start a game. If a team has only eight (8) players at game time and a player is injured during the game, the team can finish the game with seven (7) players. There must be at least seven players to finish a game. Each team must bat 9 players, if 9 players are not able to bat, that team will receive and out for each player below 9 players.
- F. A player absent for the continuation of a suspended game, but present on the original game roster will be an automatic out each time his position in the batting order comes to the plate. Players absent from the original game roster may be added to the end of the batting order if the order had not been completed prior to game suspension.
- G. Only the coach who attended the pre-game coach/umpire meeting (after asking for time out) may discuss a decision with the umpire, provided it is done in a gentlemanly, respectful manner. Additional coaches, players, scorekeepers or parents may not discuss a decision with the umpire.
- H. If, in the discretion of the umpire, the continuance of the game would not be beneficial to the player or the Baseball Program, for any reason, it shall be terminated, and the results of the game shall be recorded as determined by the umpire. THIS APPLIES ONLY IF THE TIME LIMIT HAS ELAPSED.
- I. Extra Innings:
- a. 3U/5U/6U: There are NO extra Innings.
 - b. 7U – HS: There will be NO extra innings during regular season or playoff games; these games may end in a tie. If needed the following Tie Breakers will be used to determine which team moves forward in playoff brackets.
 - Tie Breakers
 - 1st tie breaker – Head-to-Head
 - 2nd tie breaker – Least runs allowed
 - 3rd tie breaker – Run differential
 - 4th tie breaker – Runs scored
 - 5th tie breaker – Coin toss
 - c. 7U – HS: If an All-Star or Championship reaches time limit in a tie or the game ends in a tie; the International Tie Breaker innings rule will be used. The International Tie Breaker inning rules are this...last batted out from previous inning starts the inning on 2nd base putting them in scoring position. The batting team automatically starts with 1 out and every batter starts their at bat with a 1-1 count. This rule will be followed by both teams until the inning is complete and there is a winning team.

- A. In game protests will have a 5-minute time limit applied to them, in order to explain case and have decision made.
- B. A protest will only be accepted during inter-league play and Lakes Athletic Association playoffs.
- C. Only the coach who attended the pre-game coach/umpire meeting (after asking for time out) may relay a protest with the umpire, provided it is done in a gentlemanly, respectful manner. Additional coaches, players, scorekeepers or parents may not discuss a decision with the umpire.
- D. A protest must be filed in writing to the LAA Executive Board (Lakes/other league) along with \$100.00 within twelve (12) hours of the start of the game.

- F. Upon receipt of the protest, a protest committee will issue a final protest determination. The Chief Umpire or Umpire in Chief shall then contact the writer to indicate whether the protest is accepted or rejected. A rejected protest shall result in forfeiture of the \$100.00 deposit. A retracted or accepted protest shall require a refund of the \$100.00 to the writer.
- G. If protest is upheld, teams may be required to pick the game back up where the infraction incurred. The protest committee will verify next steps with their judgment.

Rule 5.00 – The Batter

- A. 3U-HS: If a player throws the bat, the batter is out. The umpire is not required to provide a team warnings after the act. The pre-game manager meeting is the teams warning. Umpire and base coaches are not considered as players under this rule.
- B. A runner shall be awarded one (1) additional base when an overthrow/out-of-play area ball is overthrown. (The ball is dead upon entering the out-of-play area). In the case of an overthrown/out-of-play area ball, the runner is awarded an additional base over and above the base to which the runner is proceeding to prior to the overthrow/out-of-play ball being thrown. A runner must slide on any close play at second, third or home plate. If the ball is in the possession of the player covering the base, the runner must slide and avoid contact with the other player. (Note: The base coaches must make every attempt to assist the runner in determining when to slide). If contact occurs, the umpire will determine whether the contact was interference. Malicious contact must be avoided and is solely up to the discretion of the umpire. Penalty: If the play is found to be interfered with, the runner will be called out and the team will be issued a warning. If malicious intent was determined, in addition to being called out, the runner will be ejected from that game as well as the following three (3) games.

Additional Note: When the player awaiting the throw, deliberately fakes reception of the ball to force the runner to slide, the runner will be awarded that base plus one additional base.

6.05 Courtesy Runners

- A. The offensive team may use a courtesy runner with any outs for the pitcher and catcher, (pitcher and catcher of record for the first half of the first inning, the position is determined by the roster). The courtesy runner is the player that made the previous out, either batted or on bases. The re-entry status of the courtesy runner, pitcher, and catcher shall not be affected by this rule. Rule 10.00 – Coach Pitch/Player Pitch Specific Rules (7U/8U)

10.01 The Batter (7U/8U)

- A. A batter will be allowed only seven (7) total pitches or three (3) strikes, not counting fouls after two (2) strikes, when a manager/coach is pitching. The batter would then be out after seven (7) pitches. However, a batter cannot strike out on a 7th pitch foul ball or if the 7th pitch is a ball by a coach. There will be no walks allowed when a manager/coach pitches.

10.02 The Pitcher (7U)

- A. For all Regular season and Playoff games:
 - a. 7U: The Players and coaches will alternate each inning when pitching. The players will pitch innings 1, 3 and 5, while the coaches will pitch innings 2, 4 and 6.
 - b. If a player pitcher hits the batter with a pitched ball, the batter will advance to first base. If a coach pitcher hits the batter with a pitched ball, the batter will not advance to first base and the coach pitcher will continue to pitch.
 - a. In 7U, there will be no walks unless a player pitcher hits a batter with a pitch. In the event that a player pitches 4 balls, the coach from the batting team will finish pitching for that at bat. The coach and batter will

inherit the strikes for the current count. The umpire will continue to call balls and strikes and the coach will pitch until the batter strikes out (swinging or called 3rd strike by the umpire) or hits the ball into play. Foul balls do not count against the pitch count and are unlimited. Example: the count is 3-2 and the pitcher throws ball 4. The coach will come out to pitch to his batter. If the first pitch is a swing and miss or a called 3rd strike by the umpire, the batter is out. If it's a ball, the coach gets another pitch. The umpire will continue to call balls and strikes until the batter strikes out or hits the ball into play.

B. For Championship and All-Star games:

b. These games will maintain the same player/coach pitching rotation. There will be no walks unless a player pitcher hits a batter with a pitch. In the event where a player pitches 4 balls, the coach from the batting team will finish pitching for that at bat. The coach and batter will inherit the strikes for the current count. The umpire will continue to call balls and strikes and the coach will pitch until the batter strikes out (swinging or called 3rd strike by the umpire) or hits the ball into play. Foul balls do not count against the pitch count and are unlimited.

C. No restrictions on pitching delivery, such as windup position or set position shall be enforced. However, the player pitcher and coach pitcher must start their delivery in a standing upright position while making contact with the pitching rubber. Any pitch released without the pitcher making such contact with the rubber shall draw a warning from the umpire.

D. NO BALKS shall be committed or called; this rule also applies to the playoffs.

10.03 The Pitcher (8U)

A. For all Regular season and Playoff games:

a. 8U games will be kid pitch for all innings.

b. If a player pitcher hits the batter with a pitched ball, the batter will advance to first base. If a coach pitcher hits the batter with a pitched ball, the batter will not advance to first base and the coach pitcher will continue to pitch.

c. In 8U, there will be no walks unless a player pitcher hits a batter with a pitch. In the event that a player pitches 4 balls, the coach from the batting team will finish pitching for that at bat. The coach and batter will inherit the strikes for the current count. The umpire will continue to call balls and strikes and the coach will pitch until the batter strikes out (swinging or called 3rd strike by the umpire) or hits the ball into play. Foul balls do not count against the pitch count and are unlimited. Example: the count is 3-2 and the pitcher throws ball 4. The coach will come out to pitch to his batter. If the first pitch is a swing and miss or a called 3rd strike by the umpire, the batter is out. If it's a ball, the coach gets another pitch. The umpire will continue to call balls and strikes until the batter strikes out or hits the ball into play.

B. For Championship and All-Star games:

a. These games will be six (6) innings of kid pitch. Pitchers are eligible to pitch three (3) innings in these two games only. There will be no walks unless a player pitcher hits a batter with a pitch. In the event that a player pitches 4 balls, the coach from the batting team will finish pitching for that at bat. The coach and batter will inherit the strikes for the current count. The umpire will continue to call balls and strikes and the coach will pitch until the batter strikes out (swinging or called 3rd strike by the umpire) or hits the ball into play. Foul balls do not count against the pitch count and are unlimited.

C. No restrictions on pitching delivery, such as windup position or set position shall be enforced. However, the player pitcher and coach pitcher must start their delivery in a standing upright position while making contact with the pitching rubber. Any pitch released without the pitcher making such contact with the rubber shall draw a warning from the umpire.

D. NO BALKS shall be committed or called; this rule also applies to the playoffs.

10.04 The Field 7U/8U

A. Managers / coaches will be allowed to be on the field to coach the team while they are in the field.

B. Teams can use 10 defensive players. The tenth defensive player will only be used in the outfield position, creating an outfield consisting of: one left fielder, one left center fielder, one right center fielder, and one right fielder. This

additional outfielder must be used as an outfielder and not a ROVER (a rover is used to deliberately take away hits by playing a position that generally falls between an infielder and outfielder when measuring depth from home plate). If the opposing manager or the Umpire in Chief believes that the 10th defensive player is being used as a rover instead of one of the outfield positions mentioned above, the Umpire in Chief will re-position the rover to be consistent with the other outfielders in their depth from home plate. This rule may be used during the regular season and also during the playoffs.

10.05 "Possession Rule" 7U/8U:

- A. The runner shall be allowed to attempt to advance at least one base on any ball batted in play.
- B. For any ball making it to the outfield, once the ball has then been returned to the infield and the defensive player has established clear possession of the ball, the umpire will call the play, and runners shall not advance another base. Once defensive infield control has been established, if any runner has not passed 50% of the distance between two particular bases and is attempting to advance to any base beyond the first they are allowed to attempt, the play will be considered dead, and the runner will be returned to the previous base earned.
- C. On an infield hit, the runner shall only be allowed to advance one base, unless there is an overthrow at any particular base.

What does this allow (Clarification)?

- DOES ALLOW a runner in a non-force situation, to advance home from third, regardless if the ball was fielded cleanly or not.
- DOES NOT ALLOW a runner to advance home from second base on an infield hit unless the ball was overthrown at any base.

(Reference Rule 4.04 I)

This rule will be followed by both teams until the inning is complete and there is a winning team”.
